

Table of Appendices

Adapted by Anurag Gupta

Appendix A: Système Internationale (SI) Units for Radiometry and Photometry 271

Appendix B: Physical Constants, Conversion Factors, and Other Useful Quantities..... 275

Appendix C: Antiquarian’s Garden of Sane and Outrageous Terminology 277

Appendix D: Solid-Angle Relationships 283

Appendix E: Glossary 285

Appendix F: Effective Noise Bandwidth of Analog RC Filters and the Selection of Filter Parameters to Optimize Signal-to-Noise Ratio 297

Appendix G: Bandwidth Normalization by Moments 305

Appendix H: Jones Near-Small-Source Calibration Configuration 309

Appendix I: Is Sunlint Observable in the Thermal Infrared? 313

Appendix J: Documentary Standards for Radiometry and Photometry 321

Appendix K: Radiometry and Photometry Bibliography 341

Appendix L: Reference List for Noise and Signal Processing, by L. Stephen Bell..... 357
