This article [*J. Elec. Imag.* **21**(2), 023025 (2012)], published online on 22 June 2012, contained an error in Eq. (34). The notation $\Gamma(1/\lambda)$ was missing from the denominator of the second additive expression. The correct equation is:

$$m_4(Y) = \frac{\tau^4 \Gamma(\frac{5}{\lambda})}{\Gamma(\frac{1}{\lambda})} + \frac{6s^2 \tau^2 \Gamma(\frac{3}{\nu}) \Gamma(\frac{3}{\lambda})}{\Gamma(\frac{1}{\nu}) \Gamma(\frac{1}{\lambda})} + \frac{s^4 \Gamma(\frac{5}{\nu})}{\Gamma(\frac{1}{\nu})}$$
$$= m_4(X) + 6m_2(N)m_2(X) + m_4(N).$$
(34)

The online version of the article was corrected on 1 August 2012.
